

Optimize productivity and operational efficiency through document automation and leave manual processes behind

With increasing competition and slowing revenue growth, it is more critical than ever for professional services organizations to allocate and manage resources effectively to stay ahead of their competitors.

Many professional services organizations still rely on manual document processes to assemble and deliver client communications such as letters, contracts and billing. Manual mailing processes take skilled staff away from billable responsibilities as well as produce more errors that may result in financial impact such as delayed cash collection.

Now more than ever, businesses, like yours, are rethinking how they manage and send important communications and recognizing the benefits of digital transformation. Document automation offers you the power and agility to streamline processes, optimize employee productivity, and better serve your clients.

Quadi^{ent}'s user-friendly solutions automate your entire document workflow, giving you the flexibility to send critical communications through multiple delivery channels - Print, Digital or Outsource. Designed to meet the needs of small to medium-sized professional services organizations with legacy systems and processes, Quadi^{ent} suite of best-in-class software and hardware solutions enable you to respond and adapt quickly to help you meet business challenges now and in the future.

FUTURE-PROOF YOUR BUSINESS WITH AN ALL-IN-ONE DOCUMENT AUTOMATION PLATFORM

Quadient Impress includes powerful applications and services to help you support today's needs and adapt to tomorrow's changing requirements. Each application works independently or seamlessly together. The platform's modular architecture allows you to configure your solution to meet your specific needs and evolve at your own pace as your business grows.

Replace inefficient, manual processes

Significantly decrease the time it takes to prepare critical outbound communications while ensuring document integrity and security. Impress Automate drives employee efficiency by eliminating repetitive manual tasks while promoting employee engagement by enabling them to focus on higher-value assignments. Automating your document preparation and distribution process reduces your exposure to potential errors and risks. When used with mailing equipment, such as a Quadient folder inserter, the solution manages pre-set business rules based on specific customer criteria to ensure the right document goes into the right envelope.

Offer digital delivery through a branded, secure document portal

Send important documents, like financial statements and reports, through an eco-friendly, branded, and secure document portal. Quadient Impress Portal makes it easy to communicate with your clients digitally. Impress Portal speeds up the document delivery process by replacing paper-based communications, saving you money on postal costs and mailing supplies, while enabling faster response, and accelerating cash flow. Its robust tracking features offer you greater visibility and ensure important documents promptly reach and are opened by the intended recipient. Documents are automatically stored and may be easily retrieved by customers to enable self-service and reduce inbound call volume.

“ **Quadient’s document automation solutions gives me the opportunity to work from home and still mail letters.**

— **Distribution Professional, Medium Enterprise Professional Services Company**

Centralize critical client communications

Leverage your existing infrastructure and optimize efficiency by centralizing ad hoc mail. Impress Dispatch consolidates desktop communications from multiple locations and is ideal for professional services companies with on-site and remote offices.

Users simply prepare outgoing ad hoc documents and send them directly from their desktops to a centralized mail production center or a dedicated, secure document portal. Impress Dispatch includes a built-in approval process that allows you to review and approve communications before release, to ensure they are consistent, professional, and always promote a positive customer experience.

Externalize your print and mail process in just a few clicks

Handle the preparation and delivery of frequently sent documents, like client reports, from your computer in just a few clicks. Impress Distribute allows you to print, sort, stuff, meter as well as deliver mail to the post office without leaving your desk. Users upload documents via a user-friendly SaaS application for Quadient’s mail production facility to handle the rest. Eliminate the distraction of mail processing and focus on your core business activities.

Easily integrate with existing systems

Quadient Impress offers enterprise-level technology for small to medium-sized business, yet does not require major IT intervention or resources to implement or update. Its plug-in architecture gives you the flexibility to configure your solution with a variety of integrated applications and services. For more complex business needs, our experienced Professional Services Team is ready to support your most challenging document output requirements to deliver a solution that best fits your current needs.

The Quadient Impress platform gives you the flexibility to send documents like invoices, statements and other important client communications via any combination of channels - Print, Digital or Outsource.

Collecting cash from customers is the lifeblood of any business. YayPay by Quadient is a SaaS-based predictive and automated AR management solution that helps financial teams perform better, manage receivables more efficiently, and get payments more quickly. YayPay combines real-time accounts receivables, analytics, and payment predictions to help increase cash flow and improve your team's efficiency and productivity by 3X.

Automate mail prep with superior document handling equipment

Every professional services organization has document types that require physical delivery, regardless of customer channel preferences. Quadient's folding and inserting machines make mail prep easier. Quadient offers a wide range of intuitive document handling equipment that provides the highest level of productivity and dependability. Our suite of best-in-class document handling equipment includes:

- Easy-to-use folding and envelope stuffing machines
- Mid-volume envelope stuffing machines
- High-volume folder inserter machines

Choose the perfect size and model for your organization and accelerate your workflow.

Simplify the preparation, tracking and storage of your Certified Mail®

Centralize the processing of Certified Mail with Return Receipt and track your documents directly through the United States Post Office®. Preparing your Certified Mail with Return Receipt electronically saves time and money, enabling you to access specific delivery information and images of recipient signatures, all securely stored in the cloud.

Validate addresses in just a few clicks

Delivering efficient and accurate communications is critical. Built for easy integration and maintenance, Quadient's comprehensive contact data quality solutions will help you meet the unique needs of your business.

- Streamline mail preparation
- Validate contact data as it's entered across digital channels
- Correct existing records to prevent undeliverable mail and improve customer experience
- Maintain an up-to-date database as contacts and businesses move

Increase document integrity, optimize employee time, and build a more personalized relationship with your clients.

Optimize. Transform. Engage with Quadient. Because connections matter.

About Quadient®

Quadient, formerly Neopost, is the driving force behind the world's most meaningful customer experiences.
