

TOP 10 FRANKING BENEFITS

1 CONVENIENCE

Franked mail ensures a hassle-free process, eliminating trips to the postoffice and wasted postage due to uncertainty over prices.

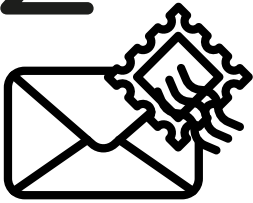

6 COST ACCOUNTING

Accurately track postage expenditures by account and mail class. Track where postage funds are being spent, for easier budgeting and reconciliation.

2 OUT THE DOOR FASTER

Applying stamps to a huge stack of envelopes is a tedious process. With a franking machine, envelopes are stamped quickly and easily.

7 PACKAGE COMPATIBILITY

Self-adhesive labels are ideal for larger items. Franking machines are capable of helping you send letters and parcels, covering more of your mailing needs.

3 ONLINE POSTAGE REFILLS

Top up your postage supply 24/7, avoiding time-consuming trips to the post office. Pay in arrears for postage.

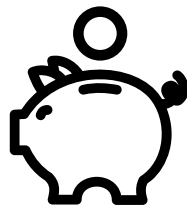

8 IMPROVED CUSTOMER EXPERIENCE

Quadient franking machines check and update postal rates automatically, meaning you will never have to worry if you're using the correct prices. Underpaid postage results in a fee being charged to the recipient.

4 SAVINGS

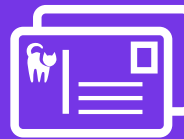

Save money using a Quadient franking machine and scale with up-to-date rates, and print exact denomination - instead of using multiple stamps. You can also save up to 29% by using Royal Mail Mailmark franking.

9 ENHANCING YOUR IMAGE

Franked mail makes a statement about your company. Small businesses can appear larger and more prominent. Make the most of your communication where letters are less frequent.

5 INCREASED SECURITY

Eliminating physical stamp inventories means you'll never have to worry about lost or damaged stamps.

10 FREE ADVERTISING

With its ability to print a logo, advertisement or even a product image, a franking machine can turn your envelope into a mini advert.
