

Specifications

Speed	Up to 3,800/hour
Load'n'Go automatic setting	Yes
FlexFeed multi-format feeder	Yes
Multiple sheet feeding	Yes
Cascade from all feeders	Yes
Number of feeders	Up to 3 feeders
PowerFold folding capacity (one set, single fold)	Yes (up to 10 sheets 80 gsm)
Job memory	50
Manual feed	Yes
Document feeder capacity	325 sheets 80 gsm
High capacity document feeder 1200 sheets 80gsm	Optional
Envelope feeder capacity (C5/C6 envelopes)	325
High capacity vertical stacker up to 500 envelopes	Optional
Side exit up to 400 C5 envelopes	Optional
Fold types	Letter, zigzag, single, double parallel, no fold $\triangle Z \angle \leftarrow _$
Insert'n'Frank franking system integration	Optional
Document height	90-356 mm
Document width	130-230 mm
Document weight	60-250 gsm
Envelope length	90-162 mm
Set thickness	2.5 mm
Envelope width	160-248 mm
Tailor-made furniture	Optional

Mail Quality & Security

Secure'n'Feed double detection	Yes
Accumulate before folding	Yes
Optical Character Recognition (OCR)	Yes
Tip to tip sealing	Yes
Barcode Reader (BCR) for 1D and 2D barcodes	Optional
Optical Mark Recognition (OMR)	Optional
Mail Production Output	Optional

Connectivity

LAN embedded	Yes
Wi-Fi embedded	Yes

System Specification

Standard configuration: 3 feeders with catch tray	
Length x Height x Depth	1270 x 720 x 500mm
Weight	79 Kg
Noise level	66 dB

Environmental Commitment

The DS-75i carries Quadiant's Eco-Label which aims to provide a clear and consistent set of environmental performance criteria used in the design phase of our products. Hence its automatic standby mode helps reduce energy consumption, while its recyclable packaging represents less than 20% of the total weight of the packed product.

Add Quadiant Output Management Software to ensure optimum accuracy and personalisation of your mailings. The software applies barcodes to documents which the folder inserter reads to ensure the right message goes to the right person every time. Varied page invoices or different content by recipient are easily managed.

About Quadiant?

Quadiant is the driving force behind the world's most meaningful customer experiences. By focusing on four key solution areas including Customer Experience Management, Business Process Automation, Mail-related Solutions, and Parcel Locker Solutions, Quadiant helps simplify the connection between people and what matters. Quadiant supports hundreds of thousands of customers worldwide in their quest to create relevant, personalised connections and achieve customer experience excellence. Quadiant is listed in compartment B of Euronext Paris (QDT) and belongs to the SBF 120 index.

DS-75i**Intelligent and Easy Document Processing**

Intelligent and Easy Document Processing

Productive, Versatile and Intuitive Folder Inserter

The DS-75i combines unparalleled ease of use with advanced technology. With its compact footprint, large loading and unloading capabilities, and features like CIS scanning technology, the DS-75i can process a wide variety of mailpieces for direct marketing campaigns, invoicing, monthly statements and many other applications. Easy to use via its full-colour touch screen and unique intuitive navigation, and extraordinarily quiet, the DS-75i fits perfectly into any work environment.

Optional Features

Automate Your Document Processing with OMS-200 Software

Quadient's Output Management Software simplifies and automates your document creation process. So you can:

- Automatically add a barcode giving more value to your documents and guaranteeing your mail integrity with secure control marks
- Select inserts from multiple trays maximising your options
- Split your print file based on the number of pages

Monitor, Secure and Verify Your Mail Production Output with OMS-500 and AIMS-500 Software

Quadient offers you the assurance that your printed jobs are accurate, complete and have actually been mailed. Output Management Software applies a unique Job and Mailpiece ID to every document. Each mailpiece is then reconciled real-time as it is inserted against a database using AIMS-500 technology. This provides you with real-time quality control and detailed reports:

- 100% verification of job completion
- Real time failure detection of missing mailpieces
- Reprint Loop for missing or failed mailpieces
- Reporting on individual jobs, performance and trends

Automated Online Reporting

The DS-75i is a fully connected machine, allowing the system to upload key usage information to your NeoStats reporting. Featuring detailed analysis such as daily trends, envelope content count, secure/barcoded mailing usage and mailing details you'll have the necessary information to control and improve your outbound communications.

Versatile - Customise Your DS-75i to Your Needs

Offering several feeder configurations, it allows you to design and deliver attractive mailshots.

- Increase Productivity
- High-capacity feeder
 - MaxiFeeder tray
 - High-capacity vertical stacker

- Process Invoices and Statements
- 2 standard feeders
 - 1 MaxiFeeder tray
 - High-capacity vertical stacker

- Enhance Customer Communications
- 1 daily mail feeder
 - 2 standard feeders
 - Side exit tray

1. Automated Stacker
The high-capacity vertical stacker holds up to 500 finished envelopes

2. Touch Screen Display
Full-colour 7" touch-screen enables navigation easily to create a new job or access existing jobs within seconds

3. CIS Scanner
The scanner can read any type of coding printed horizontally or vertically in the document

4. Document Feeders

Quickly process multiple page sets of up to 975 documents using the 3x325 standard feeders. All feeders can be used in cascading mode and have paper sensors which ensure the operator is constantly informed on how to proceed to run the system

A State-of-the-Art Graphical User Interface

Designed for all users, the intuitive, full-colour, high-resolution 7" touch-screen provides a wizard-based user-friendly interface, making it easy for anyone to select and run their folding and inserting jobs.

Alternatively, see how easy it is to create a new job using our exclusive load'n'Go intuitive procedure. Simply load your documents and envelopes and then press the start button. The DS-75i will automatically measure the length of all loaded documents as well as the envelope in order to adjust all settings and process the appropriate mail items.

Smart Solutions to Maximise Flexibility

The exclusive FlexFeed® tray enables you to process any document size or type. In combination with the unique semi-automatic envelope separation mechanism, this provides full flexibility for feeding a wide variety of document types. You can use practically any size and type of material to address your prospective and current customers efficiently.

Optimise Productivity with the MaxiFeeder Tray

Choose to load the MaxiFeeder with up to 325 business reply envelopes or load up to 1,200 sheets to maximise your productivity.
