Environmental Commitment

The IS-280c carries Quadiant's Eco-Label which aims to provide a clear and consistent set of environmental performance criteria used in the design phase of our products.

How We Reduce Our Environmental Footprint:

- Quadiant limits the machine weight and the amount of raw materials used for production.
- The volume of our packaging is kept to a minimum and is 100% cardboard and recyclable.
- Packaging for the IS-280c represents less than 20% of the total weight of the packed product.
- The user-friendly sleep mode helps reduce energy consumption.
- We develop our products to ensure a minimum recyclability rate of 75%.

The IS-280 is Energy Star compliant.

The Simple, Powerful Choice

No more guessing the correct postage. No more running out of stamps. The Quadiant IS-280c can be re-credited on-line with postage 24 hours a day, 365 days a year.

Stand Out From The Rest!

With the IS-280c, you can personalise your items and help promote your business with ad slogans, custom text messages, and company logos.

Give yourself a little credit

With a neoFunds account you can download postage when you need it and pay in arrears. No more estimating the amount of money you need at the start of the month, only to run out unexpectedly. neoFunds improves your company's cash flow and increases efficiency.
